TWO FINE SPECIMENS

OF PHYSICAL MANHOOD

No form of athletic exercise de-

mands such perfect physical condition

as prize fighting. Every muscle in

the body must be fully developed and

supple, and the heart, lungs and stom-

ach must act to perfection.

Whether we endorse prize fighting

or not, it is nevertheless interesting

to know the manner by which men

arrive at such physical perfection.

James J. Jeffries, the present cham-

pion heavyweight of the world, and

his gallant opponent, Tom Sharkey,

in the greatest pugilistic encounter

that has ever taken place, both pur-

sued much the same course of train-

ing, and the first and most important

part of this training was to get the

stomach in condition, and to keep the

digestion absolutely perfect, so that

every muscle and nerve would be

at its highest capabilities.

This was not done by a secret patent

medicine, but both of these great

pugilists used a well known natural

digestive tablet sold by druggists

under name of Stuart's Dyspepsia Ta-

blets, and composed of the digestive

ferments which every stomach re-

quires for healthy digestion.

Champion Jeffries says: "Stuart's

Dyspepsia Tablets prevent acidity

strengthen the stomach and insure

perfect digestion. They keep a man

in fine physical condition." Signed,

James J. Jeffries, champion of the

world.

The gallant fighter, Sharkey, says:

"Stuart's Dyspepsia Tablets remove

all discomfort after eating. They rest

the stomach and restore it to a health-

ful condition. I heartily recommend

them." Signed, Thos. J. Sharkey.

The advantage of the daily use of

Stuart's Dyspepsia Tablets is that

they keep people well and ward off

sickness and are equally valuable to

well persons as to the dyspeptics.

Another advantage is that these tablets

contain no cathartics, or poisons of

any character, but simply digestive

ferments which are found in every

healthy stomach, and when digestion

is imperfect it is because the stomach

lacks some of these elements and

Stuart's Dyspepsia Tablets supply it.

They are no cheap cathartics, but a

perfectly safe and efficient digestive

and the demand for them is greater

than the sale of all other so-called

dyspepsia cures combined. No reme-

dy could possibly reach such a place

in public esteem except as a result of
